

Purchasing Winter Clothes/Winterizing Your Vehicle:

Due to the chilly nights, there have been several more questions concerning reimbursement for purchasing winter clothing or to winterize vehicles (that will now have to be done due to the extension).

The reimbursement process has not been approved yet but is still being worked for families affected by the extension.

Bottom line, you and your families will need winter items. No matter what avenue you use to purchase winter clothing you must KEEP ALL OF YOUR RECEIPTS to use in your claim for reimbursement (if the process is approved).

- If you can afford to and have the money available, then purchase your required clothing, etc and remember to keep all of your receipts.

- If you cannot afford to or do not have the monies available, to obtain a loan/grant to purchase items go to your Fort Wainwright AER (bldg 3401, 353-4326) office first. If they are unable to assist you, then contact your Fort Wainwright Red Cross/USACares (bldg 1024, 353-7234). Remember to keep your receipts. We want to ensure that everyone is taken care of.
